May 28	USA Capital Square, Washington by IPkmedia.com
May 30	France, Notre Dame, by Solidarité Chine.

Info and Press Kit

To all that received Pillar of Shame banners or participate in other ways.

First of all, thank you so much for choosing to be a part of the project. We've sent more than **100 banners to 39 cities in 18 countries**.

There have been several manifestations already, like the one on Times Square New York reaching the medias. If you have social media-event links I would like to put them on the website.

When presented as a part of a global Tiananmen manifestation the events become even more impressive.

We have made a long list of all the organisations we have sent banners to. Next wee I will publish it on our website galschiot.com/en/work/banner-manifestations ,

Please find yourself on the list and let me know if there are:

- Any mistakes or you wish to be kept out of the list
- Contact/information you would like me to add.
- Links for present *or previous* events you would like to share

I suggest you share the list of all the events if you send out press releases, post about it on social media and mention it to the press.

United we stand stronger!

Suggested hashtags

- #RememberTiananmen
- #Pillarofshame
- #BannerManifestations

Media and Publicity?

The press is showing interest in the banner project, so *if* you are interested in publicity, please send me some **contact info** that I can pass on to them.

Also if it make sense for your activity please share with me with some data that I pass on to the media and use for my own press releases:

- Where, and how, will you use the banner/activity?
- Which organization (if any) in charge of the activity?
- Contact info (for the media).

I also encourage you to make awareness of your activity, e.g., inform the press (and please remember to cc me).

Spread the word: If you know other groups that might be interested in marking June 4th, using our banners, please spread the word and share my contact – aidoh@aidoh.dk We have printed banners in sizes 9meters, 4.5meter, 180cm and 90cm. There are several other ways to join in like printing ones own banner, 3D printing a Pillar of Shame, or place it on Tiananmen Square digitally: See <https://galschiot.com/en/work/pillar-of-shame/2021-pillar-of-shame-in-hongkong/download>
